

About Us

Michael F. Summerfeldt, President and CEO, was involved in agriculture, finance and energy prior to his connection with Transglobal. In addition to his executive responsibilities, he personally maintains hands-on supervision of research and development.

Howard F Smith, General Manager - Operations will oversee all aspects of the "Transglobal Home Project". Mr. Smith brings several years of construction, real estate and development skills to this project

The Company has at its disposal the talents of a team of enthusiastic specialists and technicians, and is prepared for all physical, geographic and climatic challenges.

Please feel free to contact us at summer@transglobaldomes.com or call us personally at 250-515-0580. We welcome your input and queries. Technical details available to bona fide inquiries.
