

# Transglobal Dome Homes

[Home](#) | [Our Product](#) | [About Us](#) | [Contact Us](#) | [Vendors](#) | [Dome Construction](#) | [Executive Summary](#)

Transglobal Dome Homes manufactures semi-permanent fiberglass structures that have a variety of applications. Originally and primarily conceived as a viable unit for emergency relief in natural disaster situations, dome structures can be quickly assembled and disassembled, and are relevant for any number of other uses.

## The evolution of the dome
